***Allowable Subject Matter***

Claims 4, 7, and 10 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a system as defined in claim 4, wherein a control unit that controls the lockup solenoid valve is programmed to control the signal pressure to hold engagement of the lockup clutch when the spool of the lockup clutch control valve is stationary in an axially movable position between two fully biased positions and the signal pressure is at a maximum value.

Similarly, the art of record fails to show or teach an automatic transmission as defined in claim 7, wherein a control unit that controls the lockup solenoid valve is programmed to control the signal pressure to hold engagement of the lockup clutch when the spool of the lockup clutch control valve is stationary in an axially movable position between two fully biased positions and the signal pressure is at a maximum value.

The prior art of record fails to disclose or render obvious a method of controlling a hydraulic pressure of an automatic transmission as defined in claim 10 comprising the

step of controlling the signal pressure to hold the engagement of the lockup clutch when the spool of the lockup control valve is stationary in an axially movable position between two fully biased positions and the signal pressure is at a maximum value.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Information Disclosure Statement***

Receipt is acknowledged of the Information Disclosure Statement filed February 5, 2004. The cited documents have been considered.
